Thanks for the cc Ahmed.

Kellon, I'd expect that this effort may continue for another few days. Based on this, I'd request the ceiling for this specific work be closer to \$150k or so, rather than the enclosed \$31k. As usual, we continue to assess the need for continued use of this resource daily and will call off as soon as we can justify.

Thanks for your work.  
Adam

Good morning Kellon,

Please find the attached SOW and IGCE for the South 4 Group Fire near Port Neches, TX response. The IGCE covers our efforts through this morning. If you don't get this until Monday, then please email me. We are still supporting the response and will likely have an updated IGCE.

Contract: EP-W-12-005 TO #36

Let me know if you have any questions.

Thanks,  
Ahmed
